

Name: _____ Date: _____ Period: _____

Worksheet 3.1D: Slope Triangles | Chapter 3

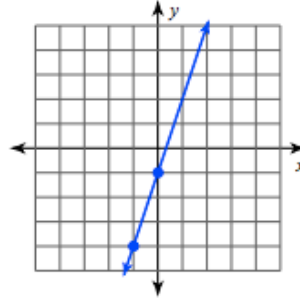

Learning Goal: I can find the slope of a line (8.EE.5)

Find the slope of the following graphs.

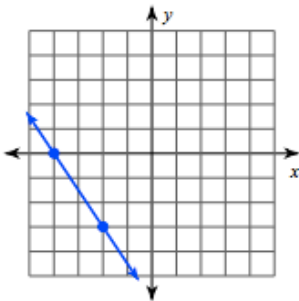

1)

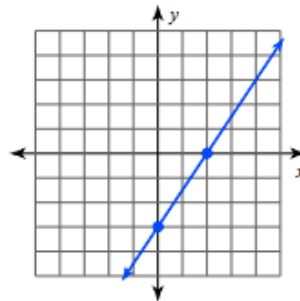

2)

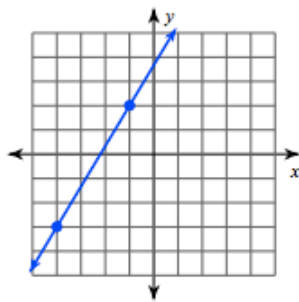

3)

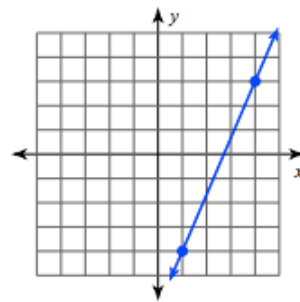

4)

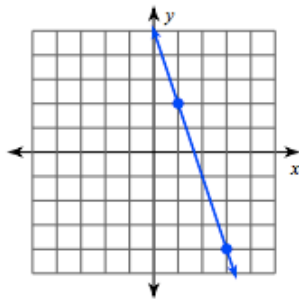

5)

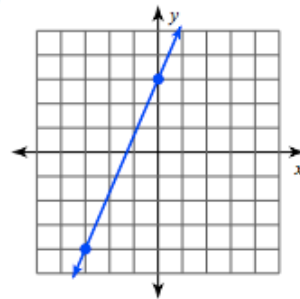

6)

7)

8)

Name: _____ Date: _____ Period: _____

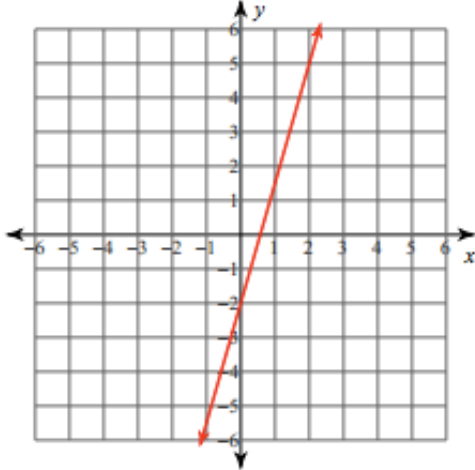

Worksheet 3.1D: Slope Triangles | Chapter 3

Learning Goal: I can find the slope of a line (8.EE.5)

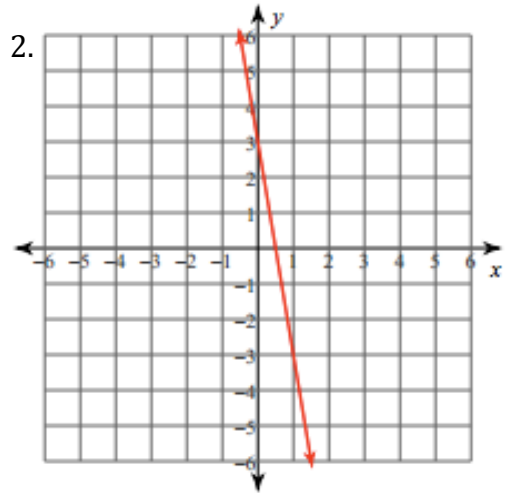

Slopes can be positive or negative. Read left to right. If you struggle write your name on the line. If it's going up, the slope is positive. If it goes down, the slope is negative.

Find the slope. (Hint: select your own points, make sure that it's where it crosses the grid for both x and y)
